**NUMSA MEMBERS EMBARK ON STRIKE**

---

York advises shareholders that certain employees of the Company, affiliated with the National Union of Metalworkers of South Africa ("NUMSA"), have embarked on a strike at its sawmills in the Escarpment region since 13 November 2018.

York continues to pro-actively engage with the leadership of NUMSA to address the current strike, and hopes that an agreement will be reached, in the near future, on a workable solution that is in compliance with the Labour Relations Act, 68 of 1995.

The strike may have a negative impact on the Company's operations and production.

If the status of the strike is changed, shareholders will be informed.
